

CUSTOM RANGE HOODS.CA

We represent **Modern-Aire Ventilation**, based in North Hollywood. Modern-Aire, have been in residential kitchen ventilation for 3 generations and are a unique ventilation manufacturer in that they can take any of their standard hoods and **customize it to your requirements**. They offer a wide assortment of customizing options including **special sizes, RAL powder coated colors, bands, rivets, hand beaten finishes, oil rubbed bronze** – you name it they can pretty much do it – our website has an impressive photo gallery that will give you some idea of their capabilities. They of course also offer the standard under cabinet and canopy hood liners. Modern-Aire offer power options from 400cfm up to 1400cfm. Their hoods are all certified for use in Canada, both **in-door and out-door**.

We handle the delivery and customs clearance formalities from California to any part of Canada. We also offer an industry beating pricing program for kitchen dealers and manufacturers – our target market.

We welcome the opportunity to meet with you to discuss Modern-Aire Ventilation products.
