

Professional Mesh Ventilation Liner Motor & Collar Plate Dimensions

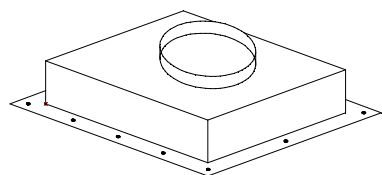

All PML liners are sold as a shell only. Motor boxes and or collar plates are sold separately. Available motor sizes range from internal 400cfm to 1200cfm. Two inline blowers are available 860cfm and 1266cfm. Inline blowers require a collar plate to complete the duct location and are available in 8" round or 10" round. Two exterior blowers are available 1000cfm and 1400cfm. Exterior blowers require a collar plate to complete the location and are available in 8" round or 10" round.

LM400

WIDTH	DEPTH	HEIGHT	COLLAR SIZE
14 1/8"	12 1/8"	6 1/2"	6 7/8"

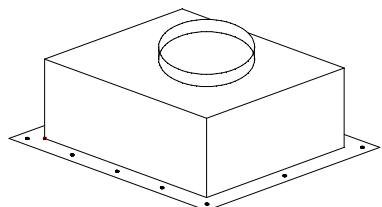

LM400 Centrifugal Blower Motor (402 CFM)

LM600
