

Professional Series Model PMW16

MODERN-AIRE'S PROFESSIONAL MESH WALL RANGE HOODS

are manufactured to ventilate today's demanding residential ranges. All PMW series hoods include your choice of centrifugal blower motors ranging from 600 cfm to 1200 cfm internally. PMW series canopies can also be ordered for use with an inline 1266 cfm fan or a exterior 1400 cfm roof or wall mounted blower unit. Infinite speed control provides total control over you ventilation needs. Bright beautiful halogen lighting provides full cooktop illumination and is standard on all PS series range hoods. You control the amount of lighting you need, from full bright to a safety light at night with a built in dimmer control switch. PMW series hoods include aluminum mesh filters incased in a stainless steel cover to efficiently extract grease.

Stainless Steel, Powder Coat, Copper, Brass, Oil Rubbed Bronze, Blackened Steel

Dishwasher Safe 300 Series Stainless Steel Mesh Filters

Simulated Seamless Construction
